Serenity
Sliding Door Systems

PowerSlide

Equipped with an electric operator, this system opens automatically with any standard access control hardware, including keypads, card readers, and more.

✓ Improves Facility Safety

✓ Increases Ease of Use

✓ Saves Valuable Square Footage

Protect Your Space
From Unwanted Germs

With the PowerSlide, you can choose from a variety of access control solutions to both improve ease of use and facility safety. From a simple push button to an overhead sensor or swipe key - there is an option for all security levels. The electric operator is UL 325 listed and meets all requirements of ANSI for low-energy sliding door systems.

(Access control accessories by others)
